La procédure d'installation présentée ici concerne les produits Blade suivants :

BL 360

BL 420

Components

Componenti | Éléments

Step 1

Before securing element E to the central beam F through the 2 M6x25mm screws, align them in the direction shown.

Prima di fissare l'elemento E alla trave centrale F tramite le 2 viti M6x25mm, allinearli nella direzione indicata.

Avant de fixer l'élément E à la poutre centrale F avec les 2 vis M6x25mm, alignez-les dans le sens indiqué.

true

Step 2

Secure element B to elements E and F through the 6 M6x25mm screws.

Fissare l'elemento B agli elementi E ed F tramite le 6 viti M6x25mm.

Fixez l'élément B aux éléments E et F avec les 6 vis M6x25mm.

x1

M5x25mm
x6

true

Step 3

Repeat steps 1 and 2 the opposite way with the other available elements B, E and F.

Ripetere, nel verso opposto, i procedimenti degli step 1 e 2 con gli altri elementi B, E ed F a disposizione.

Répétez les étapes 1 et 2 dans l'autre sens avec les autres éléments disponibles B, E et F.

true

Step 4

Combine the two previously installed structures to element D as shown in detail.

Unire le due strutture precedentemente installate all'elemento D come indicato in dettaglio.
Assemblez les deux structures précédemment installées à l'élément D comme indiqué dans le détail.

true

Step 5

Then fix the two structures to the D element using the 12 M6x25mm screws.

Fissare quindi le due strutture all'elemento D tramite le 12 viti M6x25mm.

Fixez ensuite les deux structures à l'élément D avec les 12 vis M6x25mm.

M5x25mm
x12

true

Step 6

Turn the structure upside down and check its stability.

Capovolgere la struttura e verificarne la stabilità.

Retournez la structure et vérifiez sa stabilité.

true

Step 7

Place top A on the installed structure and secure it with at least 2 M5x55mm screws to ensure stability.

Appoggiare il piano A alla struttura installata e fissarla con almeno 2 viti M5x55mm per garantirgli stabilità.
Placez le plateau A sur la structure installée et fixez-la avec au moins 2 vis M5x55mm pour assurer la stabilité.

true

Step 8

Place top C on the structure.

Appoggiare il piano C alla struttura.

Placez le plateau C sur la structure.

true

Step 9

Connect the two top slotting the four holes of top C into the four tie rods placed on the inside of top A.

Unire i due piani, incastrando i quattro fori del piano C nei quattro tiranti situati all'interno del piano A.
Assemblez les deux plateaux en emboîtant les quatre trous du plan C dans les quatre tirants situés à l'intérieur du plateau A.

true

Step 10

Screw with a Phillips head screwdriver the four elements G in correspondence of the central beam of element D to secure top A and C.

Avvitare con un cacciavite a stella i 4 elementi G in corrispondenza della trave centrale dell'elemento D per fissare i due piani A e C.
Assemblez avec un tournevis cruciforme les 4 éléments G en correspondance de la poutre centrale de l'élément D pour fixer les 2 plateaux A et C.

true

Step 11

Secure the structure to top A and C through the 20 M5x55 mm screws.

Fissare la struttura ai piani A e C tramite le 20 viti M5x55 mm.
Fixez la structure aux plateaux A et C avec les 20 vis M5x55 mm.

M5x55mm
x20

true

Step 12

Screw the feet of each leg up to the preferred height to ensure stability on the floor.

Avvitare i piedini fino all'altezza desiderata per garantirgli stabilità al pavimento.
Vissez les pieds de chaque jambe à la hauteur souhaitée pour assurer la stabilité au sol.

Care and Maintenance

In order to keep the product in good condition for as long as possible, we recommend that you do not lean on the edges of the surfaces or use the table tops as seats. The table tops should not be used as a base to retrieve objects that are placed on top. We recommend to use two or more people to move the table to new positions, taking care not to drag it along the floor but to lift it from the ground. For daily cleaning, avoid abrasive sponges and always use a microfibre cloth soaked only in a neutral, non-abrasive detergent without additives. In the event of minor scratches, apply beeswax. To clean the steel legs, use a cloth soaked in warm water and neutral detergent and wipe thoroughly.

Cura e Manutenzione

Al fine di mantenere in buone condizioni il prodotto più a lungo possibile, sconsigliamo di appoggiarsi sui bordi delle superfici e di non utilizzare i piani dei tavoli come sedute. Gli stessi piani poi non vanno impiegati come base d'appoggio per recuperare oggetti situati in alto. Raccomandiamo di servirsi di due o più per persone per ricollocare il tavolo in nuove posizioni, avendo cura di non trascinare lungo il pavimento bensì di sollevarlo da terra. Per la pulizia quotidiana, evitare spugne abrasive e utilizzare sempre un panno in microfibra imbevuto esclusivamente con un detergente neutro, non abrasivo e senza additivi. In caso di graffi lievi, applicarvi la cera d'api. Per pulire la gambe in acciaio, servirsi di un panno bagnato con acqua calda e detergente neutro, strofinando a fondo.

Entretien et Maintenance

Afin de conserver le produit en bon état le plus longtemps possible, nous vous recommandons de ne pas vous appuyer sur les bords des surfaces ni d'utiliser les plateaux de la table comme sièges. Les plateaux de la table ne doivent pas être utilisés comme base pour récupérer des objets qui sont placés au-dessus. Nous recommandons d'utiliser deux personnes ou plus pour déplacer la table vers de nouvelles positions, en prenant soin de ne pas la traîner sur le sol mais de la soulever du sol. Pour le nettoyage quotidien, évitez les éponges abrasives et utilisez toujours un chiffon en microfibre imbibé uniquement d'un détergent neutre, non abrasif et sans additifs. En cas de petites rayures, appliquez de la cire d'abeille. Pour nettoyer les pieds en acier, utilisez un chiffon imbibé d'eau chaude et de détergent neutre en frottant en profondeur.
