Cute: The elegance of wood in cosy shapes.

Signed Favaretto&Partners, Cute is a family of furnishings born from the careful treatment of solid wood, which is beveled and rounded to soften its material strength.

The Cute stool stands out for its enveloping and comfortable design, conceived to be used not only as a temporary seat, but also for more prolonged moments of relaxation. The round, plump lines together with the integrated cushioning makes for a pleasant and inviting piece of furniture.

Cute: L'eleganza del legno in forme accoglienti.

Firmato Favaretto&Partners, Cute è una famiglia di arredi nata da un'attenta lavorazione del legno massello, che, smussato e arrotondato, ne ammorbidisce la forza materica.

Lo sgabello Cute si distingue per il suo design avvolgente e confortevole, pensato per essere utilizzato non solo come seduta temporanea, ma anche per momenti di relax più prolungati. Le linee tonde e paffute, insieme alla cuscinatura integrata, lo rendono un complemento d'arredo piacevole e invitante.
