“The Wing collection has evolved over time: its most recent iteration pays tribute to manual, creative and artisanal craftsmanship.”

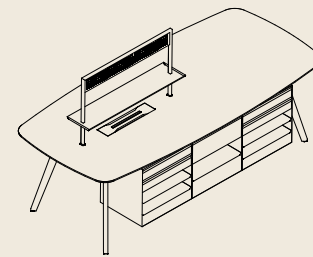

Aldo Parisotto (Monselice, 1962) graduated from IUAV Venice under James Stirling, and taught interior design in Trieste from 2001 to 2003. Massimo Formenton (Padova, 1964) also graduated from IUAV in 1989. Together they founded Parisotto+Formenton studio in Padova in 1990, with a Milan base added in 2004. Their work spans architecture (museums, commercial spaces and residential buildings, including the recent restoration of Milan's historical Ricordi palace) and 360° retail design for major fashion and luxury brands (Salvatore Ferragamo, Eleventy, Testoni, Vic Matié, among others). They are also behind the Nespresso boutique concepts worldwide, alongside significant collaborations in lighting and furniture design.
