“The Zuel range of tables – whose name evokes and pays homage to the alpine village of Cortina d’Ampezzo and the warmth of the timber they are made from – features both rectangular and round versions, both of which share a trestle-style frame with double legs.”

Aldo Parisotto (Monselice, 1962) graduated from IUAV Venice under James Stirling, and taught interior design in Trieste from 2001 to 2003. Massimo Formenton (Padova, 1964) also graduated from IUAV in 1989. Together they founded Parisotto+Formenton studio in Padova in 1990, with a Milan base added in 2004. Their work spans architecture (museums, commercial spaces and residential buildings, including the recent restoration of Milan’s historical Ricordi palace) and 360° retail design for major fashion and luxury brands (Salvatore Ferragamo, Eleventy, Testoni, Vic Matié, among others). They are also behind the Nespresso boutique concepts worldwide, alongside significant collaborations in lighting and furniture design.
