## Step 1

Attach the reinforcement plates to the two "Y" crosses (L1 and L2) using the provided screws (M6x16mm).

Fissare le piastrine di rinforzo alle due crociere a "Y" (L1 e L2) mediante l'uso delle viti fornite (M6x16mm).

Fixer les plaques de renforcement aux deux croix en "Y" (L1 et L2) à l'aide des vis fournies (M6x16mm).

M6x16mm

true

## Step 2

Place the structure upside down, resting it on a suitable surface to avoid smears or scratches.  
Turn the two crossbars upside down, place the smaller crossbar (L1) on the ground with the flared ends facing upwards.  
Screw the legs to the crossbar using the provided screws (M6x60mm + A).

Posizionare la struttura capovolta, appoggiandola su una superficie adeguata ad evitare strisci o graffi.  
Appoggiare la crociera più piccola (L1) a terra con le svasature sul legno verso l'alto. Avvitare le gambe alla crociera con le viti fornite (M6x60mm + A).  
Positionner la structure à l'envers, en le posant sur une surface appropriée afin d'éviter les taches ou les rayures.  
Retourner les deux croisillons, poser le croisillon le plus petit (L1) au sol avec les évasements sur le bois vers le haut.  
Visser les pieds au croisillon à l'aide des vis fournies (M6x60 mm + A).

true

### Step 3

Insert the larger crossbar (L2) from above with the reinforcement plate facing upwards and screw it to the legs using the provided screws (M6x60mm + A).

Inserire dall'alto la crociera più grande (L2) con la piastrina di rinforzo verso l'alto e avvitare alle gambe con le viti fornite (M6x60mm + A).  
Insérer par le haut la traverse la plus grande (L2) avec la plaque de renfort vers le haut et la visser aux pieds à l'aide des vis fournies (M6x60 mm + A).

## Step 4

Screw the adjustable feet (M6) to the legs.

Avvitare i piedini regolabili (M6) alle gambe.  
Visser les petits pieds réglables (M6) aux pieds.

M6  
x6

**true**

## Step 5

Turn the structure upside down, taking care not to damage the edges.

Ribaltare la struttura avendo cura di non rovinare gli spigoli.  
Retourner la structure en prenant soin de ne pas abîmer les chants.

carry out in 2 people  
svolgere in 2 persone  
à réaliser par 2 personnes

## Step 6

Screw the rectangular plates (B) onto the legs using the provided screws (M6x16mm).

Avvitare le piastre rettangolari (B) sopra alle gambe con le viti fornite (M6x16mm).  
Visser les plaques rectangulaires (B) sur les pieds à l'aide des vis fournies (M6x16mm).

M6x16mm

B  
x3

**true**

## Step 7

With the help of a second person, position the top by inserting the rectangular plates into place (1).

Then secure the top to the crossbar (2) using the provided screws (M6x100mm).

Con l'aiuto di una seconda persona, posizionare il piano facendo entrare in sede le piastre rettangolari (1).

Successivamente fissare il piano sulla crociera (2) con le viti fornite (M6x100mm).

Avec l'aide d'une deuxième personne, positionner le plateau en insérant les plaques rectangulaires dans leurs logements (1).

Fixer ensuite le plateau sur la traverse (2) à l'aide des vis fournies (M6x100mm).

  
carry out in 2 people  
svolgere in 2 persone  
à réaliser par 2 personnes

**true**

## Step 8

Attach the rectangular plates to the top using the provided screws (M6x16mm).

Fissare al piano le piastre rettangolari con le viti fornite (M6x16mm).

Fixer également les plaques rectangulaires au plateau à l'aide des vis fournies (M6x16mm).

## Care and Maintenance

In order to keep the product in good condition for as long as possible, we recommend that you do not lean on the edges of the surfaces or use the table tops as seats. The table tops should not be used as a base to retrieve objects that are placed on top. We recommend to use two or more people to move the table to new positions, taking care not to drag it along the floor but to lift it from the ground. For daily cleaning, avoid abrasive sponges and always use a microfibre cloth soaked only in a neutral, non-abrasive detergent without additives. In the event of minor scratches, apply beeswax. To clean the steel legs, use a cloth soaked in warm water and neutral detergent and wipe thoroughly.

## Cura e Manutenzione

Al fine di mantenere in buone condizioni il prodotto più a lungo possibile, sconsigliamo di appoggiarsi sui bordi delle superfici e di non utilizzare i piani dei tavoli come sedute. Gli stessi piani poi non vanno impiegati come base d'appoggio per recuperare oggetti situati in alto. Raccomandiamo di servirsi di due o più persone per ricollocare il tavolo in nuove posizioni, avendo cura di non trascinare lungo il pavimento bensì di sollevarlo da terra. Per la pulizia quotidiana, evitare spugne abrasive e utilizzare sempre un panno in microfibra imbevuto esclusivamente con un detergente neutro, non abrasivo e senza additivi. In caso di graffi lievi, applicarvi la cera d'api. Per pulire le gambe in acciaio, servirsi di un panno bagnato con acqua calda e detergente neutro, strofinando a fondo.

## Entretien et Maintenance

Afin de conserver le produit en bon état le plus longtemps possible, nous vous recommandons de ne pas vous appuyer sur les bords des surfaces ni d'utiliser les plateaux de la table comme sièges. Les plateaux de la table ne doivent pas être utilisés comme base pour récupérer des objets qui sont placés au-dessus. Nous recommandons d'utiliser deux personnes ou plus pour déplacer la table vers de nouvelles positions, en prenant soin de ne pas la traîner sur le sol mais de la soulever du sol. Pour le nettoyage quotidien, évitez les éponges abrasives et utilisez toujours un chiffon en microfibre imbibé uniquement d'un détergent neutre, non abrasif et sans additifs. En cas de petites rayures, appliquez de la cire d'abeille. Pour nettoyer les pieds en acier, utilisez un chiffon imbibé d'eau chaude et de détergent neutre en frottant en profondeur.
